

Welcome to our short course on 'budget'.

Do your beneficiaries struggle to save for school fees? Do they tend to spend all their income as soon as they earn it? This training on **budget** may help them prioritise and plan expenses and save.

In this course,

- You will discover the training as a (virtual) participant.
- You will understand how to facilitate it.
- To get your **certificate**, you will run it with real participants and write a short report.

To navigate this course, follow the instructions, read, listen, answer the questions, click on next or complete and continue to go from one screen to the other. Ready? Let's get started!
